SNOWLITE[®]

PG Glands

PG Glands are designed for secure and reliable cable entry in electrical enclosures and panels. Made from high quality materials with advanced sealing features, they provide excellent protection against dust, moisture, and mechanical stress.

FEATURES

- PG threaded design for standard cable entry installation.
- UL approved Nylon PA66 for A C E parts and EPDM rubber for B D parts.
- IP68 protection for dust and water resistance.
- Operating temperature range from -40°C to 100°C .
- Sealing nut with “Click” sound, firm cable grip, wide cable range, and resistance to salt water, weak acid, alcohol, oil, and grease.
- Available in black and white colors.

TECHNICAL DATA

Product Model	Applicable to cable		Thread diameter	Thread length	Wrench diameter
PG7	3~6.5	2~5	12.5	8	16
PG9	4~8	2~6	15.2	8	19
PG11	5~10	3~7	18.6	8	22
PG13.5	6~12	5~9	20.4	10	24
PG16	10~14	7~12	22.5	10	27
PG19	12~16	10~13	24	10	27
PG21	13~18	9~16	28.3	10	33
PG25	16~21	13~18	30	11	35
