SNOWLITE[®]

About Us

Snowlite began its journey in 2006 with a vision to become the most trusted electrical brand in the world. Guided by this purpose, we have built a strong global footprint across 20+ countries in Europe, Africa and Asia over the past two decades.

Today, Snowlite has developed advanced manufacturing capabilities in India, Turkey, Malaysia and China. Our identity is shaped by three core commitments reflected in every product we create innovation, quality and affordability.

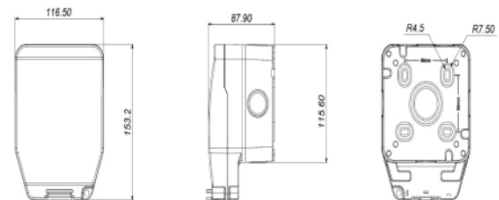

At Snowlite, we serve residential, industrial and commercial sectors. Our ever expanding product portfolio includes cables, lighting, tools, switching devices, control and automation equipment, ventilation systems, protection devices and accessories.

More than 3,000 retail partners and 100,000+ end users place their trust in our products thanks to our consistent focus on quality and support throughout the product's lifetime.

Weather proof 1 Gang Empty Enclosure

The Weather Proof 1 Gang Empty Enclosure is designed to protect electrical wiring and devices from dust, moisture, and harsh outdoor conditions. Built with a robust, sealed construction, it ensures safe and reliable performance in residential, commercial, and industrial installations.

FEATURES

- Durable, weather-resistant body for outdoor and indoor use.
- 1-gang empty enclosure suitable for custom device installation.
- Sealed design to protect against dust, water, and environmental exposure.
- High impact construction for long-term durability.
- Multiple knock-out options for flexible cable entry.
- Ideal for electrical, utility, and industrial applications.

TECHNICAL DATA

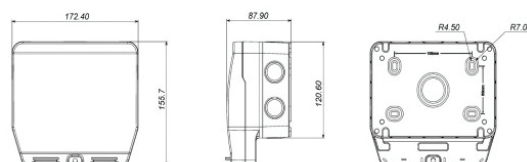

Product Name :	Weather proof 1 Gang Empty Enclosure
Part Number :	759
Product Dimensions :	116.5 * 153.2 * 87.9 mm
Plate finish Colour :	Gray + Black
Material :	ABS + Pure copper + Polycarbonate (PC)
IP Rating :	IP66

Weather proof

2 Gang Empty Enclosure

The Weather Proof 2 Gang Empty Enclosure is designed to safely house electrical devices while providing reliable protection against dust, moisture, and harsh environmental conditions. Its robust construction makes it ideal for outdoor and demanding installation environments.

FEATURES

- Durable, weather resistant enclosure for indoor and outdoor use.
- 2 gang empty design for flexible device configuration.
- Sealed construction to protect against water, dust, and corrosion.
- High impact material for enhanced strength and longevity.
- Multiple knock out entries for easy and adaptable wiring.
- Suitable for residential, commercial, and industrial applications.

TECHNICAL DATA

Product Name :	Weather proof 2 Gang Empty Enclosure
Part Number :	760
Product Dimensions :	172.4 * 155.7 * 87.9 mm
Plate finish Colour :	Gray + Black
Material :	ABS + Pure copper + Polycarbonate (PC)
IP Rating :	IP66
Earth Terminal capacity :	3 x 2.5mm ² , 3 x 4.0mm ² & 2 x 6.0mm ²
